100 Day Reading Plan

100 day plan description:

Every follower of Jesus has a desire to know the Bible better – and there is no better way than reading it through in its entirety.

If you have read through the Bible in a Year before and are looking for something new, or if you have a strong desire to increase your understanding and knowledge of scripture then this plan is for you. This reading plan will help you gain a greater overview of the Scriptures in a number of ways.

First, you will go through the Bible three times in one year. That is only 12 chapters a day or about 1 – 1½ hours of reading, but that is only for 25 days out of the month. The rewards are worth the effort. Each day you are reading from the Old Testament, New Testament, and a Poetic book to keep it refreshing and varied.

Second, the readings have been organized in related portions. So, for example, as you read about the life of David in 1 Samuel, you will also be reading his Psalms getting insights on his life from those writings.

Third, you will gain a greater knowledge of the big picture, message, events, and characters of each of the books which will aid your understanding.

While in seminary, John MacArthur and his friends would try to stump their professor by reading a verse and challenging him identify the book and chapter. Without fail the master teacher did so. When asked how he was able to do so, he merely remarked that for the past 30 years he had been reading the Bible through three times each year. That meant he had read it over 90 times! May you be blessed with the knowledge of the word of God as you read.

By the end of the year you would have read:

Old Testament 3 Times

New Testament 3 Times
